EXTENDED AREA CALLING SERVICES

1. GENERAL REGULATIONS

- 1.1 EXTENDED AREA CALLING SERVICE (EACS) IS AN ARRANGEMENT WHEREBY CUSTOMERS IN ONE EXCHANGE CAN MAKE CALLS TO AND RECEIVE CALLS FROM CUSTOMERS IN CONTIGUOUS EXCHANGES AT A COST BASED RATE ADDITIVE. INDIVIDUAL EACS RATES, SPECIFIED IN PARAGRAPH 4., FOLLOWING, ARE DESIGNATED AS EITHER MANDATORY OR OPTIONAL.
- 1.2 UNLESS SPECIFIED OTHERWISE HEREIN, THE RATES AND CHARGES QUOTED ARE FOR A PERIOD OF ONE MONTH AND ARE PAYABLE IN ADVANCE.
- 1.3 THIS SERVICE SHALL NOT BE SHARED OR JOINTLY USED EXCEPT AS SPECIFIED IN SECTION 10 (JOINT USER SERVICES) OF THE GENERAL EXCHANGE TARIFF. REQUIREMENTS APPLICABLE TO THE PROVISIONS OF THE SERVICE OF LOCAL EXCHANGE SERVICE AS SPECIFIED IN PARAGRAPH 3.1 OF SECTION 11 OF THE GENERAL EXCHANGE TARIFF SHALL ALSO APPLY TO THE PROVISION OF EXTENDED AREA CALLING SERVICE.

2. MANDATORY EACS REGULATIONS

- 2.1 THIS MANDATORY SERVICE SHALL APPLY TO ALL GRADES OF LOCAL EXCHANGE SERVICE ACCESS LINES AND TO ALL CUSTOMER OWNED PAY TELEPHONE SERVICE LOCAL ACCESS LINES WHICH ARE SERVED IN THE EXCHANGES SPECIFIED.
- 2.2 SUBSCRIBERS WHO QUALIFY FOR TEL-ASSISTANCE SERVICE ACCORDING TO THE CONDITIONS SPECIFIED IN 3.1.1(3)(2)(a)-(iv) OF THE LOCAL EXCHANGE TARIFF WILL BE PROVIDED WITH A 6% DISCOUNT IN THE ADDITIVE RATES FOR MANDATORY EACS. THE RATES AS SHOWN IN THE FOLLOWING PARAGRAPHS HAVE BEEN COMPUTED TO ACCOUNT FOR THE 6% DISCOUNT.

3. OPTIONAL EACS REGULATIONS

- 3.1 UNLESS SPECIFIED HEREIN, THE MINIMUM CONTRACT PERIOD IS ONE MONTH.
- 3.2 THE APPLICABLE SERVICE CONNECTION CHARGE FOUND IN SECTION 27 OF THIS TARIFF WILL PERTAIN TO THE PROVISION OF THIS SERVICE.
- 3.3 THIS OPTIONAL SERVICE SHALL BE AVAILABLE TO SPECIFIC GRADES OF SINGLE-PARTY RESIDENCE SERVICE AND BUSINESS SERVICE LISTED beneath THE EXCHANGES SPECIFIED. HOWEVER, THIS SERVICE IS NOT OFFERED IN CONJUNCTION WITH CUSTOMER OWNED PAY TELEPHONE SERVICE, OR WITH PUBLIC OR SEMI-PUBLIC TELEPHONE SERVICE.
- 3.4 THIS OPTIONAL SERVICE IS NOT OFFERED IN CONJUNCTION WITH TEL-ASSISTANCE AS SPECIFIED IN SECTION 1, SHEET 1.2, PARAGRAPH 3.1.1(3)(2)(a)(vii), OF THE LOCAL EXCHANGE TARIFF.
- 3.5 THIS SERVICE IS NOT PROVIDED IN CONJUNCTION WITH FOREIGN EXCHANGE OR WITH FEATURE GROUP A SERVICES.

EXTENDED AREA CALLING SERVICES (EACS)

4. Rates and Calling Scopes

The rate additives of this service are in addition to the local exchange access service rates specified in 3.4.1 and 3.4.2 of the Local Exchange Tariff and Section 16 of the General Exchange Tariff. The calling scopes provided for subscribers of this service are in addition to the local calling areas specified in 4. and 5. of the Local Exchange Tariff.

4.1 ANALOG SERVICES (mandatory EACS) - Two-way flat rate calling with all zones of the Dallas Metropolitan Exchange and Carrollton, Dallas, Fort Worth, Lewisville, Dallas-Ft. Worth Airport, Plano, Rowlett, and cities of GTE Southwest Incorporated, and those customers subscribing to Extended Metropolitan Service in the Fort Worth Metropolitan Exchange, as shown in Paragraph 3.4.1 of the Local Exchange Tariff and in the GTE Southwest Incorporated Exchanges of Grapevine and Keller.

LOCAL EXCHANGE TARIFF

(NR) 1.7 COMMUNITY OPTIONAL SERVICE

1.7.1 General

The charges, rules and regulations specified below for Community Option Services (COS) apply in addition to the established charges for the service with which the service is associated.

1.7.2 Service Description

- A. COS is a plan that provides customers in a Qualifying Petitioning Exchange one-way calling or two-way calling with customers in designated exchanges under terms, conditions and rates that differ from those applicable to Extended Area Service, other local calling plans.

B. Explanation of Terms

1. Petitioning Exchange:

The Petitioning Exchange is that exchange whose customers have petitioned the Missouri PSC to have COS calling with the customers in the Target Exchange.

2. Target Exchange:

The Target Exchange is the exchange to which COS calling has been requested.

COS Target Exchanges are classified as Rural or Metropolitan. At this time, the Kansas City Metropolitan Exchange and the St. Louis Metropolitan Exchange are designated to be metropolitan. When a metropolitan exchange is involved in a COS route, the calling area includes the principal First and Second Tier Zones, Third Tier Options customers and Fourth Tier Special Optional customers. All other Target Exchanges are designated rural.

3. COS Calling Scope:

The COS Calling Scope consists of the Target Exchange to which Petitioning Exchange customers have qualified for COS calling plus all other exchanges with which customers in the Target Exchange have Expanded Area Service (EAS). Calling Scopes may also include other expanded calling areas but only through the application of COS rates deemed appropriate by the Missouri Public Service Commission. If the Target Exchange is metropolitan, the COS calling scope associated with it is considered metropolitan.

Issued: May 4, 1990

Effective: May 9, 1990

LOCAL EXCHANGE TARIFF
Original Sheet

LOCAL EXCHANGE TARIFF

(NR) 1.7 COMMUNITY OPTIONAL SERVICE-(Continued)

1.7.2 Service Description-(Continued)

B. Explanation of Terms-(Continued)

4. Usage Charges:

The charges for each call made by customers who buy One-Way Optional Usage-Sensitive COS.

5. Contiguous:

The Petitioning Exchange and the COS Calling Scope are contiguous since they share a geographical boundary.

6. COS Subscriber:

The customer to whom COS is provided and who is responsible for payment of all COS charges.

C. COS is provided via three-call direction/usage payment options. Rates are specified in 1.7.3, below.

1. One-Way optional Flat Rate COS allows COS subscribers to make unlimited outgoing calls to customers located within their COS Calling Scope for a flat rate monthly charge.
2. Two-Way Optional Flat Rate COS allows COS subscribers to make unlimited outgoing calls to and receive unlimited incoming calls from customers located within their COS Calling Scope for a flat rate monthly charge. In addition, this option provides an appearance in and a copy of the White Pages directory of the Target Exchange.
3. One-Way Optional Usage Sensitive COS allows customers in exchanges which have qualified for COS to either the St. Louis Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) or Kansas City Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) to make calls to their COS calling scope on a per-call basis, at a discount of fifty percent (50%) off of applicable Long Distance Message Telecommunications Service charges for all rate periods. In addition to these Usage Charges, a flat rate monthly charge also applies as specified in Paragraph 1.7.3 of this tariff.

Issued: May 4, 1990

Effective: May 9, 1990

Southwestern Bell Telephone Company
St. Louis, Missouri

CONFIDENTIAL
INFORMATION

No supplement to this tariff will be issued except for the purpose of canceling this tariff.

LOCAL EXCHANGE TARIFF
Original Sheet

LOCAL EXCHANGE TARIFF

(NR) 1.7 COMMUNITY OPTIONAL SERVICE-(Continued)

1.7.3 Qualification Process

In order to qualify for COS, customers in the Petitioning Exchange must demonstrate that a community of interest exists with customers in the Target Exchange.

- A. Consideration of eligibility for COS calling is initiated by a petition filed with the PSC by any or all of the following parties:
 - 1. By 25 or more customers in the Petitioning Exchange;
 - 2. By the presiding official(s) of the appropriate city, town, village or county, served by the Petitioning Exchange;
 - 3. The Office of the Public Counsel on behalf of the customers in the Petitioning Exchange;
 - 4. The Local Exchange Telecommunications Company serving the customers in the Petitioning Exchange.
- B. Petitions requesting COS must specify the Target Exchange with which COS calling is requested. The Target Exchange may be served by another local Exchange Telecommunications Company.
- C. Upon receipt of notice from the PSC that a valid petition has been received, the Company will conduct a study of calling from the Petitioning Exchange to the Target Exchange. These calling studies will be filed with the PSC.
- D. The PSC has ruled that a community of interest is found to exist when the calling studies show that both of the following criteria are met:
 - 1. Customers in the Petitioning Exchange make an average of six calls across line per month to the Target Exchange;
 - 2. Two-thirds of the customers in the Petitioning Exchange make two or more calls per month to the Target Exchange.

Note that in calculating these statistics, an adjustment will be made for the number of Foreign Exchange Service lines having the open end in the Target Exchange and the closed end in the Petitioning Exchange. Adjustments will also be made for customers subscribing to Optional Metropolitan Measured Exchange Service if it is offered in the Petitioning Exchange.

Issued: May 4, 1990

Effective: May 9, 1990

By R. D. BARRON, President-Missouri Division
Southwestern Bell Telephone Company
St. Louis, Missouri

CCN:JL
LVO:JL

No supplement to this tariff will be issued except for the purpose of canceling this tariff.

LOCAL EXCHANGE TARIFF
Original Sheet 1

LOCAL EXCHANGE TARIFF

(NR) 1.7 COMMUNITY OPTIONAL SERVICE-(Continued)

1.7.3 Qualification Process-(Continued)

2. If the criteria shown above are found to have been satisfied, the Petitioning Exchange will be certified as a COS Qualifying Exchange, and the service will be implemented on a time schedule approved by the PSC.

1.7.4 Regulations

- A. Customers qualifying for the Speech and/or Hearing Handicapped discount on Long Distance Message Telecommunications Service may buy COS in lieu of said discount for calls to the COS calling scope. The Handicapped discount will continue to apply to all other intralATA calls.
- B. Unless otherwise specified in these regulations, COS is offered to all classes and grades of residence and business customers located in a COS qualifying exchange.
- C. COS is not offered in conjunction with Public, Semi-Public Customer-Owned Pay Telephone, or Improved Mobile Telecommunications Services.
- D. When a customer's telecommunications service is arranged for his or her own administrative use versus use by his or her patrons (such customers may include, but are not limited to, hotel/motels, hospitals, or universities) COS may be purchased for the administrative trunks only.
- E. COS is designed and intended for the exclusive use of the end user customers of the Telephone Company. COS is not to be shared, resold or used in any configuration of customer-provided equipment with the intent of reselling the service. With the exception of Shared Tenant Service, as described in other tariffs of the Telephone Company, COS is available to interexchange carriers or other telecommunication service providers for administrative trunks only.
- F. Unless otherwise specified, COS is subject to the Rules and Regulations applying to all customer contracts as specified in the General Exchange Tariff of the Telephone Company. Furthermore, all Rules and Regulations governing Local Exchange Service apply to COS.
- G. Access to the Local Calling Scope of the Target Exchange
 1. When a Target Exchange has Extended Area Service (EAS) with one or more exchanges, as defined in other tariffs of the Telephone Company, customers who qualify for COS will be able to access customers within that extra-exchange local calling scope using COS.

Issued: May 4, 1990

Effective: May 9, 1990

Southwestern Bell Telephone Company
St. Louis, Missouri

REGULATORY INFORMATION
COMMERCIAL INFORMATION
INFORMATION

No supplement to this tariff will be issued except for the purpose of canceling this tariff.

LOCAL EXCHANGE TARIFF
Original Sheet 1

LOCAL EXCHANGE TARIFF

(NR) 1.7 COMMUNITY OPTIONAL SERVICE-(Continued)

1.7.4 Regulations-(Continued)

G. Access to the Local Calling Scope of the Target Exchange-(Continued)

2. Any EAS additive rate applicable to customers in the Target Exchange for that extra-exchange local calling scope shall apply to COS subscribers in the qualifying exchange in addition to the COS rates shown in 1.7.3, below. Furthermore, if the EAS additive rate is changed, the rate change also will apply to COS customers.

H. Rate Application

1. The COS monthly rates specified in 1.7.3, below, apply on a per-line basis and are billed in advance.
2. The Usage Charges assessed under One-Way Optional Usage-Sensitive COS are billed in arrears.
3. All COS rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Telephone Company.
4. COS must be purchased on all exchange access lines on the account that are group billed. However, a multiline customer may mix one-way and two-way flat rate COS on the same account. Any line on the multiline account that is not configured for two-way optional flat rate COS must be configured for one-way optional flat rate COS or be established for billing as a separate stand-alone account. Mixing usage-sensitive COS and flat rate COS on the same account is not permitted.

I. The minimum service period for subscription to COS is one month.

J. Timing of messages will be in whole minutes with fractions counted as whole minutes.

LOCAL EXCHANGE TARIFF

1.7 COMMUNITY OPTIONAL SERVICE-(Continued)

1.7.4 Regulations-(Continued)

- K. COS calling is provided on a Dial Station-to-Station basis only. For all other types of calls, the appropriate Long Distance Message Telecommunications Service rates and Service Charges as specified in the Long Distance Message Telecommunications Service Tariff are applicable.
- L. Nonrecurring Service and Equipment Charges, as specified in Paragraph 1.7.5, below, apply, applicable when a customer adds or deletes COS or changes plan options.

1.7.5 Rates and Charges

A. Flat Rate COS

1. Rates for one-way and two-way optional flat rate COS are applied on a rural or metropolitan basis. See paragraph 1.7.6, below, to determine which rate applies.
2. One-Way Optional Flat Rate COS

Monthly Rates, per line:

	USOC	Residence	Business
Rural	EXCA	\$ 3.75	\$12.10
Metropolitan	EXCAC	\$11.05	\$23.55
Service and Equipment Charge, per line:		\$ 4.00	\$ 3.00

3. Two-Way Optional Flat Rate COS

a. Two-Way Service Lines, monthly rates, per line⁽²⁾:

	USOC	Residence	Business
Rural	EXCA	\$10.10	\$21.25
Metropolitan	EXCC	\$19.35	\$41.35
Service and Equipment Charge, per line:	(NR)	\$ 4.00	(NR) \$ 3.00

(1) These charges will be waived for the first 90 days from the date COS becomes available in an exchange.

(2) Two-Way Service includes an appearance in and a copy of the White Pages directory for the Target Exchange.

1.7 COMMERCIAL OPTIONAL SERVICE-(Continued)

1.7.6 Service Availability and Total Monthly Rates

C. Notes:

1. The value in this column is the number of intervening exchanges or tiers of exchanges upon which the MAC is applied. See Paragraph 1.7.3, C., preceding.
 2. The rates shown in this column include the COS monthly rate for this option plus any extra-exchange local calling rate additive shown in Column 4 plus the MAC calculated using the quantity in Column 5 and the rates found in Paragraph 1.7.3, C., preceding.
 3. The rate in this column also applies to additional one-way optional flat rate COS lines when multiline customers are one-way and two-way service. See Paragraphs 1.7.4, B.4. and 1.7.5, A.3., preceding.
 4. See Paragraph 1.7.3, A.2. for applicable service and equipment charges.
 5. See Paragraph 1.7.3, A.3. for applicable service and equipment charges.
 6. See Paragraph 1.7.3, B. for applicable service and equipment charges.
- (RT)
7. Includes all subscribers in the Springfield Exchange, as well as those in the exchanges of Fair Grove, Republic, Elm, Strafford, Rogersville and Hilliard, plus subscribers to Local-Metropolitan Service in Milligan and Clever.
 8. Includes all subscribers in the Columbia Exchange as well as those in the exchanges of Lake Ozark-Osage Beach and Gravois Mills.
 9. Includes all subscribers in the St. Louis Metropolitan Exchange (Principal, First and Second Tier Zones) plus subscribers to Local-Metropolitan Service in the exchanges of Chesterfield, Fenton, Webster, Marquette and Valley Park, as well as subscribers to Special Optional Local-Metropolitan Service in Antioch, Eureka, Lariviere, High Ridge, Imperial, Read, Portage Des Sioux and St. Charles.

INTRALATA TOLL SERVICES**

ATTACHMENT PG-4**Impact on Competition of Non-Cost Based Rates
for the Termination of Optional EAS-Type
and IntraLATA Toll Services**

	Minutes of Use		
	300	400	500
SWBT Price to End User	30.00	30.00	30.00
SWBT Cost of Access to Originate & Terminate	4.50	6.00	7.50
SWBT Margin	25.50	24.00	22.50
SWBT Price to CLEC using UNE to Originate and Access to Terminate	13.20	17.60	22.00
CLEC Margin	16.80	12.40	8.00
SWBT Price to IXC or CLEC Reseller using Access to Originate and Terminate	25.50	34.00	42.50
IXC or CLEC Reseller Margin	4.50	(4.00)	(12.50)
Assumptions:			
(1) Assumes CLEC retains toll and access revenues when provided using UNE.			
(2) End user rate based on SWBT proposed Local Plus service for a residential customer, unlimited usage			
(3) SWBT Access Cost \$.015* per conversation minute			
(4) CLEC UNE Cost=Unbundled Local Switching, Common Transport and Tandem Switching = \$.009*			
(5) SWBT Access Price Originating = \$.035, Terminating = \$.035			
* For purposes of demonstration, the SWBT's SGAT rates were used. AT&T believes these rates to be substantially above forward looking cost.

BEFORE THE CORPORATION COMMISSION OF THE STATE OF OKLAHOMA

APPLICATION OF ERNEST G. §
JOHNSON, DIRECTOR OF THE §
PUBLIC UTILITY DIVISION, §
OKLAHOMA CORPORATION § Cause No. PUD 970000064
COMMISSION TO EXPLORE THE §
REQUIREMENTS OF SECTION 271 §
OF THE TELECOMMUNICATIONS §
ACT OF 1996. §

**STATEMENT OF NANCY DALTON
ON BEHALF OF
AT&T COMMUNICATIONS OF THE SOUTHWEST**

I. INTRODUCTION AND QUALIFICATIONS

1. My name is Nancy Dalton. My business address is 5501 LBJ Freeway, Dallas, Texas. I am employed by AT&T and hold the position of Southwest Region Business Planning Vice President. In this position, I have the responsibilities of business planning for local service market entry and negotiations with incumbent Local Exchange Carriers (LECs) to facilitate such market entry. In this capacity, I am also the lead negotiator on behalf of AT&T with Southwestern Bell Telephone Company (SWBT) with the overall program management responsibilities for the negotiations. In that capacity I am responsible for continuing negotiations to obtain a comprehensive Interconnection Agreement, including electronic operational interfaces, for AT&T in SWBT's five-state region.

2. I attended and graduated from Burdett School, a business school in Boston, Massachusetts.

3. I accepted a position with AT&T in 1984 in Boston, Massachusetts. During my tenure with AT&T, I have held positions in Business Communications Services, responsible for handling customer inquiries (*e.g.*, billing); Business Communications Services, responsible for customer service methods and procedures; Network Services Division, responsible for project managing AT&T network-related billing conversions required to convert specific functions from the LECs to AT&T; Consumer Communications Services, responsible for project managing the billing processes for AT&T Calling Card and Operator handled calls (*e.g.*, usage recording, rating, message processing, bill calculation, bill rendering, payment processing, customer service, collections, and journalization); Consumer Communications Services, responsible for leading the AT&T Baldridge Application research and site visit teams; and Consumer Communications Local Services Organization, responsible for local market entry planning. In March 1996, I accepted my position in the Local Services Organization, responsible for Southwest Region business planning and negotiations.

4. I have testified on behalf of AT&T in the recent arbitration proceedings in the states of Texas, Oklahoma, Missouri, Kansas and Arkansas.

II. PURPOSE AND SUMMARY OF STATEMENT

5. My statement has three purposes. First, I will describe the difficulties AT&T has had in the negotiation process with SWBT to obtain a comprehensive Interconnection Agreement for Oklahoma and SWBT's other states. I begin with negotiations because it is my judgment, as AT&T's lead negotiator in these efforts, that the incompleteness of pricing terms, unbundled

network elements (UNEs), access to UNEs, and OSS capabilities, is a direct result of SWBT's strategic approach to UNE negotiations. As a result, there was not sufficient detail in the Arbitration Award to move forward with implementation. That discussion will bring me to my second point - namely, SWBT's failure to meet the Section 271 requirements as it relates to Operational Support Systems. Finally, I will address SWBT's failure to demonstrate that nondiscriminatory access to 911, E911, Directory Assistance, operator call completion services, are available.

6. With respect to the first issue, my statement addresses the following subjects: interconnection agreement negotiations between AT&T and SWBT under the Federal Telecommunications Act (FTA). I provide special attention to AT&T's experience with SWBT in attempting to negotiate a comprehensive interconnection agreement, including, but not limited to, the provisions necessary for Resale: access to UNEs; availability of electronic Operational Support System (OSS) interfaces; facilities-based network provisions; general contract terms, conditions, and pricing. On the subject of negotiations, I describe the approach that AT&T has taken in its efforts to negotiate interconnection agreements with SWBT throughout its five-state region and the level of effort that AT&T has put forward in these negotiations. I will also describe some of AT&T's experience with SWBT in these negotiations. And I will describe the limited progress that has been made in these negotiations to date regarding the controversial substantive provisions required to establish a fully competitive marketplace through a comprehensive Interconnection Agreement. Examples of the controversial substantive provisions

I am referring to include, but are not limited to, access to UNEs, the OSSs and interfaces required to support UNEs, and cost-based pricing. This limited progress is a direct result of SWBT's success in delaying discussions regarding substantive issues until time frames after completion of the FTA allotted negotiations and arbitration time lines. A graphic example of the delay can be seen in the Texas negotiations time line attached to my statement as Exhibit ND-1.

7. I am also discussing SWBT's failure to meet the requirements of Section 271 of the FTA with respect to provisioning of OSS, electronic interfaces, and gateways. Because the proper implementation of access to OSSs is a cornerstone to the ability of AT&T, or any competitive local exchange carrier (CLEC), to enter into the local market on a broad scale in a manner that enables it to meaningfully compete with an incumbent LEC, SWBT's failure to provide nondiscriminatory access to OSS is a critical shortcoming with respect to the Section 271 requirements. Moreover, neither the interconnection agreements nor SWBT's Statement of Generally Available Terms and Conditions (SGAT) filed in Oklahoma fall short of the Section 271 requirements. As I will explain in more detail below, my Statement concentrates on AT&T's experience of SWBT's implementation, or lack thereof, of OSSs. The terms and conditions that are found in the interconnection agreements and SGAT are not useful for consideration of this item on the Section 271 checklist because the issue is not necessarily what individual OSS interface SWBT proposes or has agreed to provide; it is how the OSSs are implemented in compliance with the FTA. Accordingly, the entirety of my discussions on OSSs and UNEs should
